Evaluation Process

Each application is screened for eligibility and minimum qualifications by Grants Administration Staff. If all of the eligibility and minimum qualifications are met, then the grant application will be reviewed and evaluated in the competitive process. Evaluators consist of two Town staff and the two Town of Bennett Board Committee Members.

Applications are evaluated and ranked based on the merits of the project. The evaluation process considers the accuracy of the proposal in conveying the need, urgency and scope of the project; the leveraging dollars'/cash match provided for the project; the ability of the applicant to achieve the proposed results according to the budget, supporting documentation, and timeline; and the capacity of the organization to complete the project and maintain the project site in future years. Projects will be funded in order of rank per category until allocated funds have been expended for the grant cycle. Staff and Committee will make the final recommendations for funding to the Board of Trustees.

Reporting Requirements if Awarded

The Grantee agrees that it shall only use the Grant Funds for the Grant Project, as described in this document. Any modifications from the time of award will need to be requested prior to use of award funding. The Grantee shall be responsible for the direct supervision and administration of the Grant Project. The Town shall not be liable or responsible for any cost overruns on the Grant Project, nor shall the Town have any duty or obligation to provide any additional funding for the Grant Project if the Grant Project cannot be completed with the awarded Grant Funds. Grantee also agrees to comply with all local, state and federal requirements while completing the Project unless specifically waived.

In order for a project to qualify for reimbursement, the project must receive grant approval from the Town Board of Trustees prior to beginning construction. Subsequent to execution of a Grant Agreement, 50% of the Grant Funds shall be transferred within 45 days, unless otherwise agreed to by the Town in writing. The required method used by the Town for transfer of the Grant Funds is by ACH Authorization. ACH Authorization form must be submitted with the agreement execution. Grantee agrees to this method. Grant recipients will be required to provide paid invoices of the completed Project, which shall be subject to verification and approval, prior to receiving full reimbursement of funds. This program does not reimburse sales tax or Town permit and application fees.

The Grantee agrees that the Grant Project must begin within 30 days of the grant agreement with the Town. The Grantee agrees that the Grant Project will be completed and the Grant Funds will be expended by no later than one year from the date of this fully executed Agreement, unless a longer period of time is otherwise agreed to by the Town in writing. The Grantee understands and agrees that if the Grant Project cannot be completed by the end of the agreed upon time period the Town may require that the Grant Funds be refunded to the Town of Bennett General Fund.
