CERTIFIED
PUBLIC
ACCOUNTANTS

Honorable Mayor, Board of Trustees
and Management
Town of Bennett
Bennett, Colorado

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bennett, Colorado (the Town) as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in internal control to be material weaknesses:

Financial Close and Reporting related to Cash and Investments

Through audit procedures, it was identified that completed bank reconciliations did not agree to the unadjusted trial balance provided by the Town. We noted bank reconciliations improperly included deposits in transit totaling approximately \$511,000. In addition, bank reconciliations as of December 31, 2022 included outstanding checks which were written during fiscal year 2021. Material adjusting journal entries were posted to properly account for cash balances as of December 31, 2022.

We recommend the Town implement control procedures over the monthly review of cash bank reconciliations. As part of this process, management should review reconciling items in sufficient detail to identify improper or duplicate activity and ensure the allocation of pooled cash between funds is accurate.

Grant Reporting and Property Taxes

Under the modified accrual basis of accounting, the Town uses a period of availability of 60 days. Through procedures performed, an adjusting journal entry for \$189,433 was posted to correct revenue and unavailable revenue balances related to grant funds received outside the period of availability.

Related to property taxes, the Town recorded \$106,236 of property taxes for fiscal year 2023 collection in the Antelope GID Fund. However, the balance should have been recorded in the General Fund which resulted in an adjusting entry for \$106,236 to each respective fund.

We recommend the Town implement procedures over all cash receipts occurring within 60 days after fiscal year end and adjust the Town's general ledger accordingly based on the period of availability used by the Town.

Capital Contributions and Developer Contributions

For the year ending December 31, 2022, the Town recognized revenue and capital asset additions of \$280,316 related to contributed capital from a developer. However, the assets were not conveyed to the Town during fiscal year 2022. As a result, an adjusting journal entry was posted to correct revenue and capital asset balances.

We recommend the Town implement review procedures at yearend to account for and determine whether contributed capital from developers is properly recorded.

Prior Period Adjustment

During our testing, we noted that the Use Tax Capital Improvement Fund's balance sheet was carrying unearned revenues and accounts receivable that pertained to prior year activity. This resulted in a restatement of fund balance and government wide net position for \$40,828.

We recommend the Town implement a procedure to review all receivable and unearned revenue balances to determine if they exist as of the fiscal year end.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in internal control to be significant deficiencies:

Water Fund Revenues

The Town's December 31, 2022 unadjusted trial balance reported a \$98,000 credit balance related to water utilities. In order to correct the accounts receivable balance, an adjusting journal entry was posted to debit accounts receivable and credit revenues. As a result of this journal entry, water fund revenues are overstated as of December 31, 2022 as the Town has 13 months of revenue recorded. An uncorrected misstatement is reported as of December 31, 2022 due to this overstatement of revenue.

At yearend, the Town should perform a review of all utility receivables and verify whether the Town has accurately accounted for and recorded unbilled receivables related to December consumption, billed in January of the subsequent fiscal year.

Capital Assets

The capital asset register provided by the Town did not align or agree with the prior year audited balances. For example, in fiscal year 2021, the Town capitalized certain assets for \$198,675. However, in the Town's capital asset register, the assets reported / entered were for a total balance of \$66,000, a material difference of \$132,675.

We recommend the Town perform a detailed review of the capital asset register and ensure the Town's internal records agree to the Town's audited financial statements. We recommend the Town include Department Heads within this review to ensure all capital assets are accounted for and the capital asset register is complete.

As part of audit procedures performed, we identified other items we feel are necessary to report to the Board as other items. We do not consider the following items material weaknesses or significant deficiencies in internal control:

Uncorrected Misstatements

We identified uncorrected misstatements related to: 1) utility receivables as outlined above under water fund revenues; 2) unreconciled variance between cash and the Town's general ledger; and 3) during the year ending December 31, 2022 the Town implemented GASB Statement No. 87, *Leases*. The impact of the implementation was immaterial to the Town and uncorrected misstatements were posted related to equipment leased by the Town. If the Town enters into new leases or the value of the current leases changes, the Town will have to consider recorded in future years.

Accrued Payroll

The Town records and allocated salaries and benefits throughout the year to multiple funds. However, at year end, the Town only recorded accrued salaries and benefits within the General Fund. In the future, the Town should consider recording accrued payroll for each fund as of yearend.

Non-Attest Services

As part of the fiscal year 2022 engagement, The Adams Group, LLC. drafted the Town's financial statements for the year ended December 31, 2022. This is considered a non-attest service and management takes responsibility for the preparation and fair presentation of the financial statements.

This communication is intended solely for the information and use of management Board of Trustee, and others within the Town, and is not intended to be, and should not be, used by anyone other than these specified parties.

June 20, 2023

Honorable Mayor and Members
of the Board of Trustees
Town of Bennett,
Bennett, Colorado

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bennett, Colorado (the Town) for the year ended December 31, 2022. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 19, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town are described in Note 1 to the financial statements. During the year ended December 31, 2022, the Town implemented Governmental Account Standards Board (GASB) Statement No. 87, *Lease* which changes the financial reporting model for lease activity. For the Town, this implementation of this new standard had no material impact for the year ended December 31, 2022. We noted no transactions entered into by the Town during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Town's financial statements were:

- Management's estimate of depreciation expense is based on the date assets are placed into service and the estimated useful life of the assets.
- Management's estimate of compensated absences is based on employee's approved rate of pay and unused vacation time as of December 31, 2022.

We evaluated the key factors and assumptions used to develop the estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. Note 11 in the financial statements could be considered a sensitive disclosure related to the restatement of beginning balances due to errors noted from prior periods.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. A listing of adjusting journal entries is attached with this letter.

In addition, we noted multiple uncorrected misstatements as of December 31, 2022. A listing of uncorrected misstatements is also attached with this letter.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 20, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town's auditors. See our separate letter dated June 20, 2023 which communicated audit findings noted for the year ended December 31, 2022.

Other Matters

We applied certain limited procedures to the required supplementary information, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

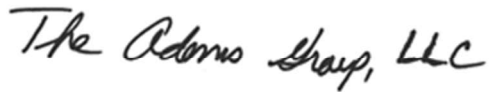

We were engaged to report on the supplementary information which accompanies the financial statements but is not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine

that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the Board of Trustees and management of the Town and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink that reads "The Adams Group, LLC". The signature is written in a cursive, flowing style.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members
of Board of Trustees
Town of Bennett
Bennett, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bennett, Colorado (the Town) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As described in Note 11 to the financial statements, the Town's financial statements were restated as a result of errors identified from prior periods related to developer agreements and grant activities. Our opinions are not modified with respect to this matter.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town’s basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules, and the local highway finance report are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements, budgetary comparison schedules, and the local highway finance report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWN OF BENNETT, COLORADO

Management's Discussion and Analysis

December 31, 2022

HISTORY

The Town of Bennett (the Town) is a statutory town located in both Adams and Arapahoe Counties. The Town is governed by a Board of Trustees elected for four-year terms. Bennett was incorporated on September 25, 1929.

Our local historical society has done a great deal of research to delve into the origins of our Town. Documents from the Bureau of Land Management show that four Bennet brothers (Hiram, John, Uriah and one un-named brother) filed homestead papers in 1862 for two sections (34 and 24), these two homesteads are now incorporated into the Town Bennett. These two sections were adjacent diagonally on the north and south to the current location of the Post Office in Bennett and, together with other sections homesteaded by the Bennet brothers, formed the Bennet Ranch.

One of these brothers, Hiram Pitt Bennet, was a respected judge in the early territory of Colorado. Mr. Bennet was elected the first Territorial Representative for Colorado in 1862 and was instrumental in obtaining statehood for Colorado. Mr. H. P. Bennet went on to become the third Postmaster of Denver in 1869 and began developing a method of delivering mail to all the new pioneer people in rural areas. Through the years, the English name of Bennet was Americanized to Bennett, first noted in railroad records; thus, the Town name evolved from the old Bennet Ranch.

The Town was not incorporated until 1930, but long before that time, the family that originally homesteaded the Town and for whom the Town was named were leaders in the development of the State of Colorado and in forging communications for the original settlers of the area.

INTRODUCTION

As management of the Town, we offer the readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with the Town's financial statements, which follow this section. We are pleased to present to the Mayor, Board of Trustees, and the residents, the 2022 Management Discussion and Analysis (MD&A) for the Town. This analysis represents our continued commitment to prudent fiscal management and has proposed several innovations in the organization of government, thereby advancing our ongoing efforts to continuously improve the efficient and effective delivery of Town services.

The type of government is a Town Board with the seven (7) elected officials being responsible for all policy decisions that affect the Town's financial condition. The Board of Trustees of the Town has

appointed Danette Ruvalcaba, Town Treasurer to prepare and submit a budget to our governing body in December for annual appropriation of sums of money to the various funds. The Town Treasurer is also responsible for financial reporting to the Town Board and to the public-at-large.

The Town maintains six (6) major funds, as follows:

1. General Fund
2. Grants Fund
3. Sales Tax Capital Improvement Fund
4. Use Tax Fund
5. Water Fund
6. Wastewater Fund

The Town of Bennett also maintains the following non-major funds which account for specific projects:

1. Road & Bridge Fund
2. Conservation Fund
3. Open Space Fund
4. Impact Fee Fund
5. Antelope Hills GID Fund

2022 HIGHLIGHT ACCOMPLISHMENTS

We are pleased and proud of our accomplishments in 2022 and look forward to continued community growth and development in subsequent years. The following achievements are certainly noteworthy and reflect a lot of hard work by the entire Town staff, as our unity reflects our thorough commitment to the future of the Town of Bennett.

- **Water Storage Tank-** In 2022, the Town of Bennett completed the construction of a 1M gallon water storage tank. This tank will be the largest water storage tank within the Town's current water system. This tank stands as a beacon to the growth of Bennett and is a healthy fiscal position. This storage tank will receive an artistic mural created by Some Girls and A Mural. There will also be related project placed throughout the parks and open space in Bennett. This mural was made possible through a partnership with Adams County Open Space through their Open Space Grant program.
- **Park Security-**The Town began the installation of parks security in 2022. This large-scale camera project was made possible through an Adams County Open Space Grant.
- **Bennett Regional Park and Open Space Fishing Pond-** In partnership with Arapahoe County Open Space through their annual grant program and the Fishing is Fun Grant from the State of Colorado the Town continued work to convert the existing storm drainage pond in the Bennett Regional Park Open Space (BRPOS) into a fishing pond. This new amenity is in the center of the Antelope Hills subdivision. When the fishing pond is complete, it will be stocked and monitored by the Colorado Department of Wildlife.

This fishing pond will provide a valuable outdoor recreation opportunity for Bennett residents and many other residents along the Eastern I-70 Corridor.

- **Reuse Water Distribution Station-** The Town completed the Phase Two of our reuse water system. This will allow our eastern parks and open spaces in Adams County to be irrigated by reuse water in spring of 2023. In addition, the Town began the repurposing of the second decommissioned wastewater lagoon for the storage reuse water. This water can then be purchased for bulk use in construction applications at a distribution station. Reuse water is a particularly important milestone for the Town as we are experiencing significant growth and development within the Town. The Reuse Water Distribution Station will help relieve the demand for our potable water resources. Reuse water is an important component of the Town’s Water Portfolio.
- **Trupp Park Phase V-** The Town continued work on Trupp Park in 2022. These improvements included drainage improvements, concrete and a new playfield on the west.
- **North Municipal Complex (NOMCOM)-** In 2022, construction continued at the North Municipal Complex. Our Public Works team was able to move into the facility in December in 2022. This new state-of-the-art facility will allow for the continued and growing public works operations that support all the valuable infrastructure for our Town residents.
- **Transportation Improvements-** In 2022, the Town continued construction on two major road improvements. The first was the signalization of the Market Place and First Street intersection. This traffic signal will add much-needed traffic control to this busy commercial district in the Town. The second is for the improvement of the 304-exit ramp. These transportation improvements will allow more efficient traffic flow from Interstate 70 into Bennett. Both projects are critical to the economic growth and stability of the Town.
- **Bennett Days-** In September, the Town hosted our annual Bennett Days Celebration. 2022 proved to be a rainy year. Despite the weather the Town of Bennett staff planned and executed a great day of fun and celebration. Although the weather decreased our usual attendance the event was still a great success.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the Town’s basic financial statements. The Town’s basic financial statements consist of the following three components: 1) Government-wide Financial Statements, 2) Fund Financial Statements and 3) Notes to the Basic Financial Statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

Government-wide Financial Statements

The government-wide statements are designed to provide readers with a broad overview of the Town’s finances using the accrual basis of accounting, which is the basis of accounting used by most private-sector businesses.

The statement of net position presents information on all the Town’s assets and liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may provide an indication of whether the Town’s financial position is improving or deteriorating.

The statement of activities presents information reflecting how the Town's net position has changed during the previous fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused compensated leave).

The government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Town include general government, public safety, public works, cultural, parks and recreation, and community planning development services. The business-type activities of the Town include water and wastewater.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Town can be divided into two categories governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to report those same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide statements, the governmental fund financial statements are prepared on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available, and expenditures are recognized when the related fund liability is incurred, except for long-term debt and similar long-term items which are recorded when due. Most of the Town's basic services are reported in governmental funds, which focus on cash flows. The unrestricted balances left at year-end are available for spending in future years. The governmental funds statements provide a detailed short-term view as to cash, operations, and basic services provided.

The Town maintains several governmental funds as stated above. An internal service department within the General Fund is an accounting device used to accumulate and allocate costs internally among the Town's various functions. Information is presented in the Balance Sheet-Governmental Funds; and the Statement of Revenues and Expenditures; and Changes in Fund Balances-Governmental Funds. Annual budget appropriations are adopted for each of these funds. Budgetary comparison statements are provided to demonstrate compliance with budgets.

Proprietary Funds

The Town maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town uses enterprises funds to account for its water and wastewater operations. The proprietary fund financial statements are prepared on the accrual basis of accounting.

Enterprise funds are used to report the same functions presented in business-type activities in the government-wide financial statements, only in more detail. Information is presented in the Statement

of Net Position- Enterprise Funds; Statement of Revenues, Expenses; Changes in Net Position – Enterprise Funds; and the Statement of Cash Flows – Enterprise funds.

The Town adopts an annual appropriated budget for each of its enterprise funds. A budgetary comparison schedule has been provided for each enterprise fund to demonstrate compliance with this budget.

Component Unit Funds

General Improvement District (GID) services are reported in the component unit funds.

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately after the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Town’s net position for the governmental and business-type activities exceeded liabilities by \$61,532,130 at the close of 2022. The following tables illustrate the present condensed statement of net position for both of the Town’s fund categories.

**Table 1
Net Position**

	Governmental Activities		Business-type Activities		Total	
	2021	2022	2021	2022	2021	2022
Assets						
Current Assets	\$ 13,134,308	\$ 13,788,338	\$ 18,993,579	\$ 15,030,486	\$ 32,127,887	\$ 28,818,824
Capital Assets	25,906,532	30,282,902	28,086,588	32,102,021	53,993,120	62,384,923
Total Assets	39,040,840	44,071,240	47,080,167	47,132,507	86,121,007	91,203,747
Liabilities						
Other	2,663,269	4,448,670	2,598,213	1,134,721	5,261,482	5,583,391
Long-Term	10,377,717	9,857,854	13,913,401	13,329,977	24,291,118	23,187,831
Total Liabilities	13,040,986	14,306,524	16,511,614	14,464,698	29,552,600	28,771,222
Deferred Inflows of Resources	825,257	900,395	-	-	825,257	900,395
Net Position						
Net Investment in Capital Assets	18,941,039	21,863,996	13,646,060	18,231,903	32,587,099	40,095,899
Restricted	6,520,518	4,433,702	1,047,928	377,021	7,568,446	4,810,723
Unrestricted	(286,960)	2,566,623	15,874,565	14,058,885	15,587,605	16,625,508
Total Net Position	\$ 25,174,597	\$ 28,864,321	\$ 30,568,553	\$ 32,667,809	\$ 55,743,150	\$ 61,532,130

The Town uses its capital assets to provide services to the citizens. At the end of 2022, the investment in capital assets of \$62,384,923 (land, buildings, improvements, equipment, etc.), net of debt used to acquire those assets of \$22,289,024 which amounts to \$40,095,899, or 65% of the Town’s total net position of \$61,532,130. During the current fiscal year, the Town’s net position increased by \$5,748,152. This increase represents the degree to which increases in ongoing revenues have surpassed similar increases in ongoing expenses as well as infrastructure contributions made by developers.

An additional portion of the Town’s net position of \$4,810,723 (8%) represents resources that are subject to external restrictions on how they may be used. Unrestricted net position of \$16,625,508 (27%) reflects the amount that may be used to meet the Town’s ongoing obligations to citizens and creditors. Certain assets of the Town’s Water and Wastewater funds are classified as restricted assets on the balance sheet because their use is limited by applicable debt covenants.

Changes in Net Position

As presented in Table 2, the Town’s overall net position increased by \$5,748,152 during 2022.

**Table 2
Changes in Net Position**

Governmental Activities

Governmental activities increased the Town’s net position by \$3,648,896. The major influences causing the change are the following:

The most notable change in Net Position is due to increased revenues in Operating Grants and Contributions, Taxes, and Investment Income. Operating Grants and Contributions revenue increased due to several large grants completed in 2022. Taxes increased by \$997,140 (17%), and the Town has seen an increase in this revenue source year after year; however, in 2022, the increase was more substantial. The contributing factor is population growth, new businesses, and the requirement for sales tax to be collected on all online orders shipped into Bennett. Additionally, the Town’s property tax revenue increased in 2022. Management believes the sales tax growth will stabilize causing a more moderate increase of 3%.

Property taxes revenue will continue to increase as residential and commercial construction continues. Investment income has increased by approximately \$160,000. During the pandemic years investment income was limited due to the Federal Reserve keeping rates low. However, in 2022 the Federal Reserve began to raise rates to slow the market. This resulted in significant increases in investment rates and in turn increased income. Management anticipates the investment income will remain consistent through 2023.

Graph 1. Governmental Activities Revenue Sources

Graph 2. Governmental Activities Expenses

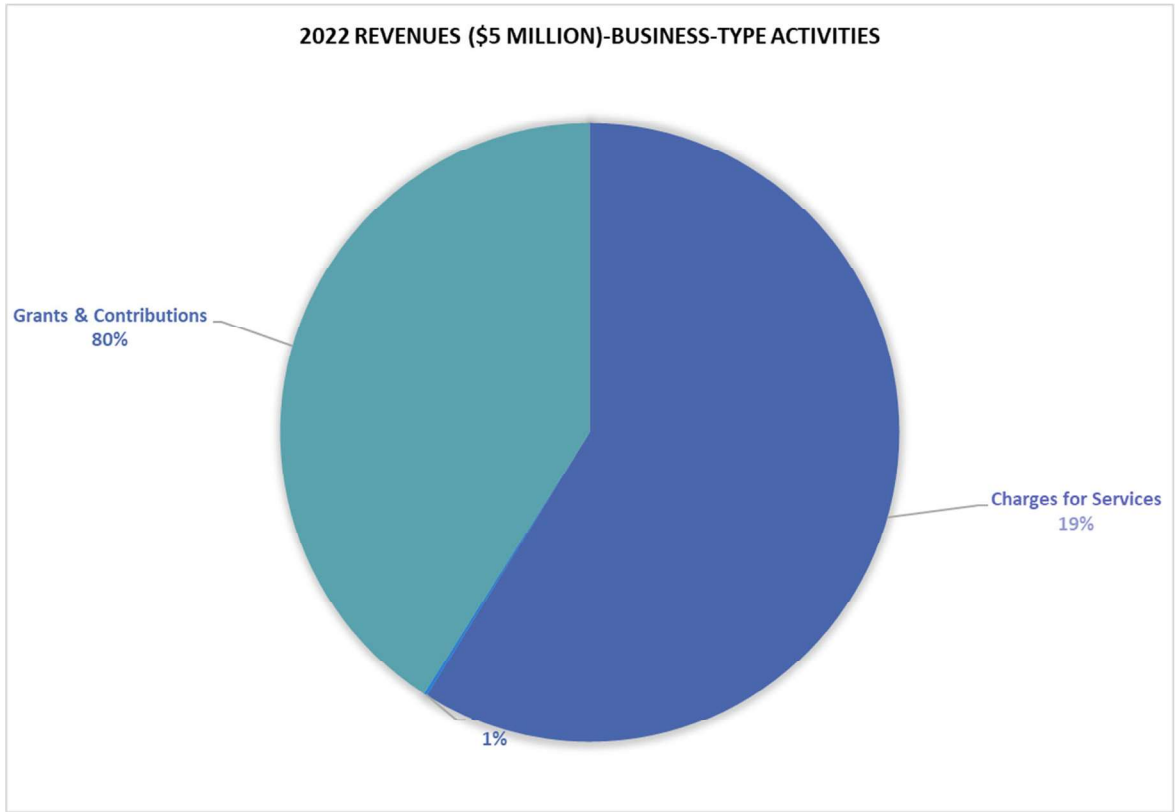

Expenses for governmental activities in 2022 increased by \$982,760 or 14%. The increase can be primarily attributed to expenditures in General Government, Public Works, and Public Safety. This increase is attributed to the North Municipal Complex (NOMCOM) construction. NOMCOM opened at the end of 2022 as the new headquarters for Public Works. The increase in General Government expenses can be attributed to personnel expense. Salaries received market adjustments as well as additional staff such as an Assistant to the Town Manager and a Planning and Economic Development Director. The increase in Public Safety is directly related to the creation of the Community Services Department which has two full-time Community Service Officers. Community Service Officers assist with Code Enforcement, Animal Control, and overall Town safety. This department was created to bolster the contracts between the Town and the Adams and Arapahoe County Sheriff’s departments.

Business-Type Activities

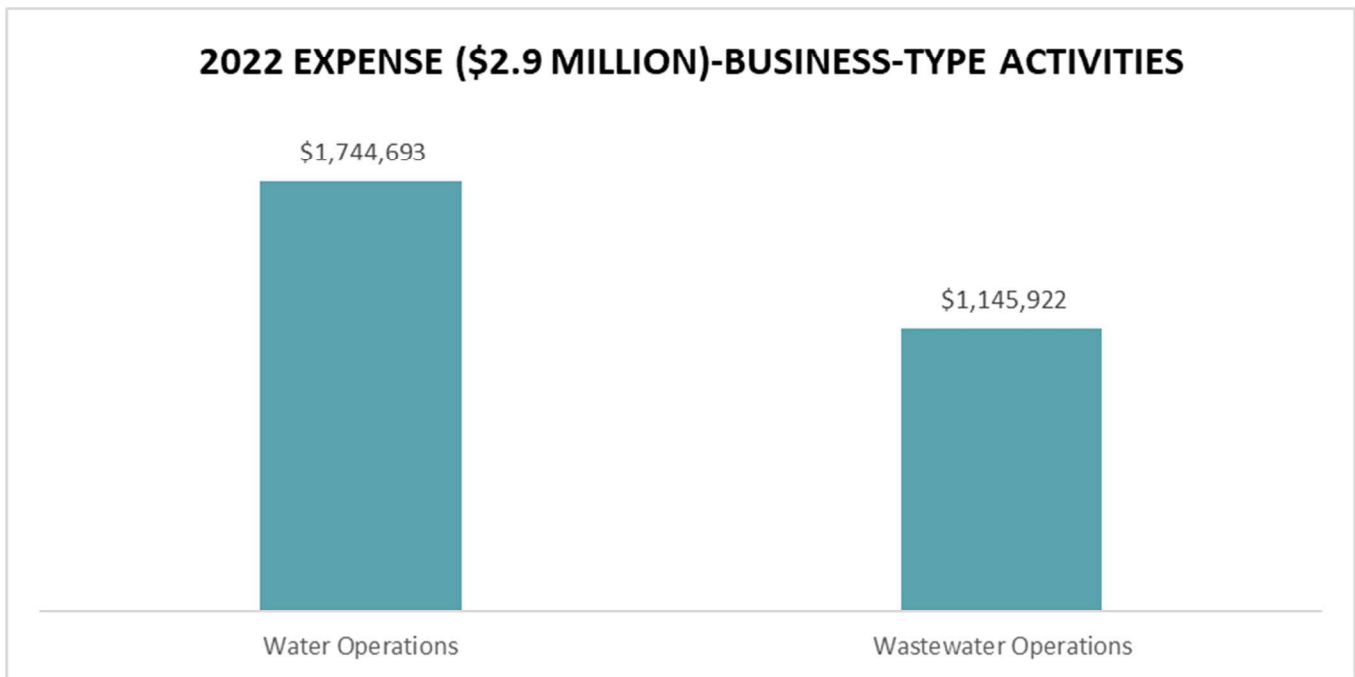

The net position of Business-Type Activities increased by \$2,099,256 for 2022. While the fund did recognize an increase, the increase was more moderate when compared to the \$6.4 million increase in 2021. The major influences are due to the following:

The Town received did not receive any utility capital contributions from developers in 2022. However, management anticipates that in 2023 these contributions will again increase due to several developments completing infrastructure in early 2023. Additionally, in 2022 grant revenue did decrease from the revenue in 2021. The Town did experience a 19% increase in charges for services, and this can be primarily attributed to the sale of bulk water for construction. The other significant increase in revenue was investment income. As stated above this is due to the changes in the market since the end of the COVID pandemic.

Graph 1. Business-Type Activities Revenue Sources

Graph 2. Business-Type Activities Expenses

In 2022, the water expense increased by \$10,116, or 1%. This can be attributed to inflation related to operations. In wastewater the expenses decreased by \$58,272, or 5%. While operations expenses increased a significant decrease in capital expense occurred in 2022 which offset this expense netting to an overall decrease in the fund.

Revenue for the wastewater and water utility is derived from service charges and other miscellaneous sources such as late fees. Projected wastewater and water service revenue under existing rates were not adequate to meet revenue requirements and sustain minimum reserves in 2022. Therefore, a rate increase was proposed and adopted for 2023. Additionally, our water rates were tiered and adjusted across all three of our water sources, potable water, untreated water, and reuse water. The fees were adjusted to encourage use of our reuse water by making the use of potable water cost prohibitive.

FINANCIAL ANALYSIS OF THE TOWN'S FUNDS

As noted previously, the Town of Bennett uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2022, the Town's governmental funds reported a combined fund balance of \$8,094,149, a decrease of \$1,214,573 (13%) over 2021. This can be attributed to the completion of the North Municipal Complex. In 2021 the Town had funding for the construction in fund balance, this was expended in 2022. \$3,115,876 constitutes an unassigned fund balance, which is available for spending at the Town's discretion. \$506,003 of the fund balance is assigned to road maintenance.

The remainder of fund balance is restricted to indicate that it is not available for new spending as follows:

Restricted for TABOR Emergencies	\$315,000
Parks and Recreation	\$4,850
Restricted for Capital Projects	\$3,419,216
Restricted for Debt Service	\$733,204

The General Fund is the primary operating fund of the Town. At the end of 2022, unassigned fund balance of the General Fund was \$4,051,235, while the total fund balance was \$4,366,235. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 93% of total General Fund expenditures. This is a 26% increase from 2021.

The fund balance of the Town's General Fund increased by \$1,001,355 during 2022. Key factors are as follows:

- Increase in Sales and Use Tax Revenue in the amount of \$904,532, and a property tax increase of \$113,059.

Other Governmental Funds

The Conservation Trust Fund was created to account for the money received from Lottery sales and is earmarked for specific purposes by the State, including parks and recreation equipment and capital projects. The Conservation Trust Fund had a fund balance of \$4,750 at the end of 2022. \$16,930 was expended on park and open space improvements.

The Road and Bridge Fund is used to account for state highway users trust funds, county road and bridge taxes, and other revenues designated for the construction and maintenance of roads and bridges. The Road and Bridge Fund had a fund balance of \$506,003, an increase in the amount of \$164,814 in 2021.

The Sales Tax Capital Improvement Fund was created to account for the money received from the 1% sales tax increase which became effective on January 1, 2016. The Sales Tax Capital Improvement Fund had a fund balance of \$1,976,374 at the end of 2022. \$2,134,250 was expended from the Sales Tax Capital Improvement Fund for the road capital projects and maintenance, as well as the principal and interest on the 2016 Sales Tax Revenue Bonds.

Proprietary Funds

The Town's proprietary funds provide the same type of information in the government-wide financial statements, but in more detail.

Net position of the enterprise operations on December 31 follows:

	<u>2021</u>	<u>2022</u>	<u>Change</u>
Net Position - Beginning of the Year	\$ 24,091,036	\$ 30,568,553	\$ 6,477,517
Net Position- End of the Year	\$ 30,568,553	\$ 32,667,809	\$ 2,099,256

Other factors concerning the finances of the enterprise funds have already been addressed in the discussion of the Town's business-type activities.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

This investment in capital assets includes land, water rights, buildings and improvements, machinery, equipment, water, wastewater, and storm drainage infrastructure, as well as street system infrastructure.

The Town has a five-year Capital Improvement Plan that is updated yearly to assist the Town in long-term planning and budgeting for capital assets.

Major capital asset events during 2022 included the following:

- Converse Pump Station
- Design of the Kiowa Bennett Road Safety Improvements
- New Well Site and LFH 14

- Market Place and 1st intersection Improvements
- North Municipal Complex
- 1 million Gallon Water Storage Tank
- Design of the Water Resource Recovery and Reclamation Facility Expansion
- Exit 304 Improvements

The following table provides comparative information on the Town’s capital assets for 2021 and 2022:

	Governmental Activities		Business -type Activities		Total	
	2021	2022	2021	2022	2021	2022
Land and Land Improvements	\$ 2,758,194	\$ 2,758,194	\$ 67,138	\$ 67,138	\$ 2,825,332	\$ 2,825,332

Additional information on the Town’s capital assets can be found in Note 4 of the financial statements.

Debt Administration

As of December 31, 2022, the Town had outstanding long-term obligations of \$24,166,431, as follows:

	2021	Additions	Payments	2022
Governmental Activities	\$ 10,720,169	\$ 65,434	\$ 499,813	\$ 10,285,790
Business-type Activities	14,451,880	4,764	576,003	13,880,641
	\$ 25,172,049	\$ 70,198	\$ 1,075,816	\$ 24,166,431

Additional information on the Town’s long-term obligations can be found in Note 4 of the financial statements.

ECONOMIC FACTORS

As the next incorporated area east of Aurora, Bennett, Colorado, is experiencing significant pressure from ongoing and future development. Bennett’s community leaders are visionary and willing to take bold steps to secure the Town’s future. The Town has identified a 91.4 square mile “Area of Planning Interest.” Bennett’s growth intentions are reflected by its objective to introduce public improvements related to development for job creation and retention. It is becoming increasingly vital that our infrastructure improvements have the capacity to support this anticipated development.

The projections for economic development in the Town show significant growth between 2010 and 2035.

These projections were completed in 2005 by the Denver Regional Council of Governments (DRCOG), prior to the recent recession, and have been modified by Economic Planning Systems (EPS) to account for regional employment contraction. Notwithstanding this contraction, the future growth of the Bennett planning area remains strong.

The planning area is estimated to grow by 6,454 housing units and 2,568 new jobs. This projected growth in housing units and employment creates the demand for 1,382 acres. Furthermore, 1,149 acres of land are needed to allow for the projected growth in housing. There is a projected demand for 43 acres of office, 71 acres of retail, and 118 acres of industrial land. These base numbers were forecasted using DRCOG's growth rates (with modifications by EPS) to reflect more current projections made by the Colorado Department of Local Affairs (DOLA) and the Center for Business and Economic Forecasts (CBEF).

2023 BUDGET OUTLOOK

The principal general revenue sources for the Town are sales taxes, grant revenue, water sales and property taxes. The local, state, and national economies are always a consideration for projecting the revenues for the coming year. The economy for Bennett has shown moderate growth during 2022. Residential growth for Bennett does not exceed the national average but has benefited from the addition of many new commercial businesses. Therefore, conservative attainable revenue estimates have been projected in all funds.

Sales Tax - The General Fund anticipated sales tax revenues for 2023 are based on an economic growth projection rate of 3% over 2022 projected revenues. Sales tax equals \$4.3 million of the total \$6.9 million in General Fund revenues.

In 2022 sales tax revenues exceeded our budgeted amounts by \$929,384. On November 3, 2015, the Town successfully passed an additional 1.00% sales tax to be collected, retained, and spent to finance the construction and maintenance of existing and planned street and other street related capital improvements within the Town. In 2022, the 1% sales tax exceeded our budget by over \$270,448 and we anticipate seeing a similar increase in 2023.

Water & Wastewater Sales – 2023 will see the addition of an estimated 100 new users to our water and wastewater system. Wastewater base and usage rates were increased in 2023, the new base rate is \$40.00, and the usage rate is \$8.05/1000 gallons. Additionally, the water base rate was increased to \$34.46 and usage rates for water were restructured to make the utilization of potable bulk water cost prohibitive as the Town offers reuse water for construction. Furthermore, the Town will see a continued increase in water and wastewater development fees in 2023 as new development takes place in Bennett. These development funds will ensure the Town has funds reserved for continued and sustained improvement and expansion of the existing infrastructure in both water and wastewater.

Grant Revenue – When viewed comprehensively, grant revenue is an ongoing effort to establish and research the highest level of resources available to us for capital improvement projects the Town cannot fund solely. Grant revenue in 2023 is projected to be \$2,610,000 for new parks, facility improvements, and trails. The Town of Bennett has limited revenue sources and an abundance of capital improvement projects forthcoming. That, of course, raises the questions of where those resources will come from, and who will do the work. As the Town of Bennett works to develop other financing options in the future, the opportunity to obtain Assistance Grant Funds would supplement the cost of some of our major

infrastructure projects. We have the funds available to provide a match but are unable to complete the project without additional monetary support.

Property Tax – Revenues in Adams County assessed valuations have increased for 2023, 16%. Arapahoe County had a decrease of 5%. We are noticing a trend of increasing property tax revenue, and this is very positive news for the Town as a predictor for growth in the housing market for Bennett for this assessment year.

Overall, the 2023 budget revenues represent a 7% increase over the 2022 projected revenue. This increase is reflected in the sales tax projected increase. As the next incorporated area east of Aurora, Bennett, Colorado is experiencing significant pressure from ongoing and future development. Bennett's community leaders are visionary and willing to take bold steps to secure the Town's future. In 2023 the Town will see houses going vertical in at least three new housing developments. Additionally, the completion of at least two commercial projects.

2023 HIGHLIGHT PROJECTS

Looking forward to 2023, The Board philosophy places an emphasis on the construction and procurement of necessary assets to ensure that Bennett remains a stable and successful community now and into the future. Items that will be the focus of 2023 are public relations, Kiowa Bennett Road improvements and Purple Pipe. Through the development of our Capital Asset and Inventory Master Plan, C.A.I.M.P. completed in 2019, the Town was able to identify capital needs of the Town in all major infrastructure categories. It then allowed for the prioritization of these projects based on capacity, condition, and criticality. This list was then balanced against expected revenue to help us identify the major projects in 2023.

CAPITAL PROJECT	2023 BUDGET	FUND
REDRILL WELL 7	600,000	WATER
CUSTER STREET WATER LINE EXTENSION	763,757	WATER
NORTH SHOP FENCING/GRADING	50,000	BUILDING

KIOWA STREET STORM SEWER IMPROVEMENTS-ROADS	112,500	STORMWATER
TIP TRAIL CONNCECTION PHASE I	885,000	GRANT
EVENT BLEACHERS	50,000	GRANT
HIGHWAY 79 TRAIL REPLACEMENT	200,000	GRANT
SKATE PARK EXPANSION	300,000	GRANT
CIVIC CENTER PARK DESING	50,000	GRANT
CODE UPDATES	75,000	GRANT
FUTURE PARK PHASE III	300,000	GRANT
CEMETERY LANDSCAPING AND TRAILHEAD	500,000	GRANT
TOTAL CAPITAL EXPENDITURES	\$5,983,757	

At the heart of government finance is the concept of fund accounting. Governments create funds to account for related expenses and revenues. For example, the Water and Sewer Operating Fund contains the budget to run the Town's water supply and wastewater system and the revenues collected (primarily user charges) to pay for the system. The use of fund accounting is one of the basic requirements of generally accepted accounting principles (GAAP) for government and one of the major differences between governmental and commercial accounting. It requires separate record keeping for each individual fund a government uses.

Like prior budgets, the 2023 budget relies on projections regarding available revenue, thereby accepting the limits of the Town's financial resources. The budget is based upon an established ceiling of revenue derived from local property taxes and three-year projection averages of sales tax.

REQUESTS FOR INFORMATION

This financial report is designed to provide our residents, taxpayers, customers, investors, and creditors with a general overview of the Town's finances and to show the Town's accountability for the funds and assets it receives. If you have questions about this report or need additional information, contact the Town Treasurer, 207 Muegge Way, Bennett, CO, 80102 or call (303) 644-3249.

TOWN OF BENNETT, COLORADO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED DECEMBER 31, 2022

Net change in fund balance - total governmental funds: \$ (1,214,573)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	5,499,324
Depreciation expense	(914,402)
Loss on disposal	(208,552)

The issuance of long-term debt provides current financial resources, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position

Principal payments	368,474
--------------------	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds

Amortization of bond premium	61,672
Change in accrued interest	2,046
Change in accrued compensated absences	4,233

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds

Change in unavailable revenue	50,674
-------------------------------	--------

Change in net position of governmental activities	\$ 3,648,896
---	--------------

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The Town of Bennett, Colorado (the Town), was incorporated in 1930, and is governed by a Mayor and seven-member Board of Trustees elected by the residents. The Town provides the following services: public safety, public works, water and sanitation, parks and recreation, public improvements, planning and zoning, and general administrative services.

The accounting policies of the Town conform to generally accepted accounting principles applicable to government entities. The Governmental Accounting Standard Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant policies.

The financial reporting entity consists of the Town, organizations for which the Town is financially accountable, and organizations that raise and hold economic resources for the direct benefit of the Town. All funds, organizations, institutions, agencies, departments, and offices that are not legally separate are part of the Town. Legally separate organizations for which the Town is financially accountable are considered part of the reporting entity. Financial accountability exists if the Town appoints a voting majority of the organization's governing board and is able to impose its will on the organization, or if there is a potential for the organization to provide benefits to or impose financial burdens on the Town.

The Town includes the Antelope Hills General Improvement District (the District) within its reporting entity. The District is a legally separate entity from the Town and the Town Trustees sit as the Board of Directors of the District. The District has the power to acquire, construct or install public improvements within its own boundaries and to finance such improvements by levying a general property tax upon the benefiting property. The District is reported as a blended component unit in the Town's financial statements due to Town Board control and does not issue separate financial statements.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Town. For the most part, the effect of interfund activity has been removed from these financial statements. *Government activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of net position presents the financial position of the governmental and business-type activities of the Town at year-end.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Taxes, intergovernmental revenues, and interest associated with the current year are considered to be susceptible to accrual and so have been recognized as revenues of the current year. Expenditure-driven grants are recognized when the qualifying expenditures have been incurred and all other eligibility requirements have been met. All other revenues are considered to be measurable and available only when cash is received by the Town.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences are recorded only when payment is due.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

In the fund financial statements, the Town reports the following major governmental funds:

The *General Fund* is the general operating fund of the Town. It is used to account for all financial resources except those accounted for in another fund.

The *Grants Fund* accounts for revenues and expenditures of specific local, state, and federal grant awards.

The *Sales Tax Capital Improvement Fund* accounts for the proceeds of the Town's 2016 Sales Tax Revenue Bonds and the additional 1% sales tax approved by the voters in November 2015 restricted to construction and maintenance of the Town's roads.

The *Use Tax Capital Improvement Fund* accounts for the proceeds of the Town's 2021 General Obligation Bonds and the 2% use tax assessed on construction permits.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Town reports the following major proprietary funds:

The *Water Fund* accounts for the financial activities associated with the provision of water services to Town residents.

The *Wastewater Fund* accounts for the financial activities associated with the operation and maintenance of the sewer system.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions, and; 3) capital grants and contributions, including special assessments. General revenues include all taxes, interest and investment earnings, and miscellaneous revenues.

Interfund transactions are treated and classified as revenues, expenditures, or expenses. These include interfund transfers and billings from one fund to another for the purchase of goods or services.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

In the government-wide statement of activities, interfund transactions are eliminated unless the transfer is between the governmental and business-type activities.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance

Cash and Investments— The Town’s cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments were reported in accordance with GASB Statement No. 72, as amended.

Receivables – All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. At December 31, 2022, the Town believes all amounts recorded are fully collectible.

Activities between funds that represent lending/borrowing arrangements at the end of the fiscal year are referred to as either “due (to)/from other funds.” Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

By December 15 of each year, property taxes for the Town are levied by the Board and certified to Adams and Arapahoe County for collection in the subsequent year. These taxes attach as an enforceable lien on property as of January 1 of the succeeding year and are payable in full by April 30 or in two installments by June 15 in the year of collection. The taxes are collected by Adams and Arapahoe County on behalf of the Town. Property taxes levied in the General Fund and by the Antelope Hills General Improvement District are included in receivables and deferred inflows at December 31, 2022. These taxes are classified as deferred inflows since they are not normally available to the Town until the subsequent fiscal year.

Prepaid Items – Certain payments to vendors and other third parties reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Expenditures/expenses are recorded when the service underlying the prepaid item is provided (consumption method).

Capital Assets – Capital assets, which include land, construction in process, water rights, water and wastewater systems, buildings, equipment, and all infrastructure of the Town, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and the proprietary fund in the fund financial statements.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance (Continued)

Capital assets are defined as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at acquisition cost or estimated acquisition cost if purchased or constructed. Donated capital assets are recorded at the acquisition value on the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

All capital assets except land, water rights, and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings	40 years
Buildings and improvements	15 years
Streets, curbs, and gutters	15 - 30 years
Parks and ball fields	10 - 40 years
Water and wastewater systems	15 - 50 years
Furniture and equipment	5 - 10 years

Compensated Absences – Vacation leave is based on an employee’s length of employment and is earned ratably during the span of employment. Unpaid compensated absences are recorded as a liability when the benefits are earned in the proprietary fund financial statements. For governmental funds, there is no legal requirement to accumulate expendable available financial resources to liquidate the obligation; thus expenditures are recognized in the governmental funds when payments are made to employees. The liability is typically liquidated with resources of the same fund that has paid the applicable employee's regular salaries and fringe benefits.

Unearned revenues – Unearned revenues include funds received in advance and the Town has not met certain eligibility requirements to recognize revenue.

Deposits – Developer deposits held in escrow and security deposits received from customers are reported as liabilities in the financial statements.

Long-Term Obligations – In government-wide financial statements and the proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Debt premiums, discounts and losses on debt refunding are deferred and amortized over the life of the debt using the effective interest rate method. In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts are reported as other financing uses.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance (Continued)

Issuance costs, whether or not withheld from the debt proceeds, are reported as current expenses or expenditures.

Deferred Outflows and Inflows of Resources – In addition to assets and liabilities, the statement of net position will sometimes report separate sections for deferred outflows of resources and deferred inflows of resources. A deferred outflow of resources is a consumption of net position by the Town that is applicable to a future reporting period, and a deferred inflow of resources is an acquisition of net position by the Town that is applicable to a future reporting period.

Both deferred outflows and inflows are reported in the statement of net position but are recognized in the financial statements as revenues and expenses until the period(s) to which they relate.

Deferred inflows of resources for the Town consist of property taxes receivable and unavailable revenue as of December 31, 2022. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable and are recognized as an inflow of resources in the period they are collected.

Net Position – Net position is classified and displayed in three components:

Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted – consists of net position with constraints placed on the use either by (1) external groups, such as creditors, grantors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted – all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

For government-wide presentation purposes and proprietary funds, when both restricted and unrestricted resources are available for use, it is the Town’s practice to use restricted resources first, then unrestricted as they are needed.

Fund Balance - Fund balances of governmental funds are reported in various categories, based primarily on the extent to which the Town is bound to observe constraints imposed upon the use of the resources for specific purposes.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balance (Continued)

Nonspendable fund balance – The amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance – The amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance – Amounts constrained to specific purposes by the Town itself, using its highest level of decision-making authority (i.e., Board of Trustees). To be reported as committed, amounts cannot be used for any other purpose unless the Town takes the same highest-level action to remove or change the constraint. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board.

Assigned fund balance – Amounts are intended to be used by the Town for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund assigned amounts represent intended used established by the Board, as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

Unassigned fund balance – Is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned. As of December 31, 2022, the Grant Fund had a deficit unassigned fund balance of \$935,359.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, the Town's policy is to use restricted amounts first, followed by committed, assigned and unassigned amounts.

Estimates - The preparation of the financial statements, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Current Year GASB Pronouncement

For the year ended December 31, 2022, the Town adopted the provisions of GASB Statement No. 87, *Leases*, which is effective for financial statement periods beginning after June 15, 2021. GASB Statement No. 87 establishes a single model for lease accounting based on the foundation principle that leases are refinancings of the right to use an underlying asset. For the year ended December 31, 2022, the implementation of the new standard had no material impact on the Town.

NOTE 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets are adopted for all funds of the Town as required by State statutes. Budgets for the governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgetary comparisons for the proprietary fund are presented on a non-GAAP budgetary basis.

Capital outlay and debt principal are budgeted as expenditures and depreciation is not budgeted. All annual appropriations lapse at fiscal year-end. On or before October 15 of each year, the Finance Department submits to the Town Board a proposed operating budget for the fiscal year commencing on the following January 1. Public hearings are conducted to obtain input from elected officials, residents, and other interested parties. By December 31, the final budget is adopted.

The appropriated budget is adopted by fund. Management is authorized to transfer budgeted amounts between departments within any fund. However, any revisions that alter the total expenditures of any fund must be approved by the Board.

NOTE 3 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents are classified in the financial statements as follows:

Cash and cash equivalents	\$ 23,763,300
Cash and cash equivalents - restricted	1,620,582
Total cash and cash equivalents	<u>\$ 25,383,882</u>

Cash and cash equivalents at December 31, 2022, consisted of the following:

Cash deposits	\$ 1,047,208
Investments	24,336,674
Total	<u>\$ 25,383,882</u>

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 - CASH AND CASH EQUIVALENTS (CONTINUED)

Custodial Credit Risk

For deposits, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. Town bank accounts at year-end were entirely covered by federal depository insurance or by eligible collateral maintained by another financial institution or held by the Town's custodial banks in its name under provisions of the Colorado Public Deposit Protection Act (PDPA). The PDPA requires financial institutions to pledge collateral having a market value of at least 102% of the aggregate public deposits not insured by federal depository insurance.

The State Regulatory Commissions for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the carrying amount of the Town's deposits was \$1,047,208 and the bank balance was \$1,120,203 of which \$250,000 was covered by FDIC insurance and the remainder covered by the PDPA.

Investments

The Town's investment policy complies with Colorado State Statutes which specify investment instruments meeting defined rating, maturity, and concentration risk criteria in which the Town may invest.

The Town generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the Town is not subject to concentration risk disclosure requirements or subject to investment custodial risk for investments that are in the possession of another party.

Colorado revised statutes limits investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirement. Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest, which include:

- Obligations of the United States and certain U.S. government agency securities and the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Certain reverse repurchase agreements
- Certain securities lending agreements

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 - CASH AND CASH EQUIVALENTS (CONTINUED)

Investments (continued)

- Certain corporate bonds
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- * Local government investment pools

ColoTrust

As of December 31, 2022, the Town had \$24,336,674 invested in the Colorado Local Government Liquid Asset Trust (ColoTrust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing ColoTrust. ColoTrust operates similarly to a money market fund and each share is equal in value to \$1.00. ColoTrust offers shares in two portfolios, ColoTrust Prime and ColoTrust Plus+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities.

ColoTrust Plus+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and repurchase agreements collateralized by certain obligations of U.S. government agencies. ColoTrust is rated AAAM by Standard and Poor's.

A designated custodial bank serves as custodial for ColoTrust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for ColoTrust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals.

Investment Valuation

Certain investments that are measured at fair value on a recurring basis are categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs. However, the Town's investments are not measured at fair value and are therefore not categorized within the fair value hierarchy. These investments include 2a7-like external investment pools. ColoTrust is measured at net asset value. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 - CASH AND CASH EQUIVALENTS (CONTINUED)

Restricted Cash and Cash Equivalents – At December 31, 2022, the Town reported restricted cash and cash equivalents of \$733,204 and \$453,526 in the Sales Tax Capital Improvement Fund and Use Tax Capital Improvements Fund, respectively. In addition, the Town reported restricted cash and investments of \$282,559 and \$151,293 in the Water Fund and Wastewater Fund, respectively. Restricted balances are restricted for capital projects and debt service.

NOTE 4 - CAPITAL ASSETS

Capital assets for governmental activities for the year ended December 31, 2022, is summarized below:

	Balances 12/31/21	Additions	Deletions	Balances 12/31/22
<i>Governmental Activities:</i>				
Capital Assets, not being depreciated				
Land and improvements	\$ 2,758,194	\$ -	\$ -	\$ 2,758,194
Public art	40,989	-	-	40,989
Construction in process	2,577,939	5,218,610	618,387	7,178,162
Total capital assets, not being depreciated	<u>5,377,122</u>	<u>5,218,610</u>	<u>618,387</u>	<u>9,977,345</u>

NOTE 5 - LONG-TERM DEBT

Governmental Activities

Following is a summary of long-term debt transactions of the governmental activities for the year ended December 31, 2022:

	Balances 12/31/21	Additions	Deletions	Balances 12/31/22	Due In One Year
<i>Governmental Activities:</i>					
Series 2016, Sales Tax					
Revenue Bonds	\$ 4,770,000	\$ -	\$ 150,000	\$ 4,620,000	\$ 175,000
Series 2016 Premium	364,980	-	31,220	333,760	30,222
Series 2017, GO Refunding					
Note (Antelope Hills)	1,468,613	-	123,474	1,345,139	25,000
Series 2021, GO Bonds	3,640,000	-	95,000	3,545,000	100,000
Series 2021 Premium	404,124	-	30,452	373,672	29,495
Compensated absences	72,452	65,434	69,667	68,219	68,219
Total	<u>\$ 10,720,169</u>	<u>\$ 65,434</u>	<u>\$ 499,813</u>	<u>\$ 10,285,790</u>	<u>\$ 427,936</u>

During 2016, the Town issued \$5,700,000 Sales Tax Revenue Bond to finance the construction and maintenance of existing and planned street-related capital improvements within the Town. Interest payments are due semi-annually on June 1 and December 1, with interest accruing at rates ranging from 2% to 4%. Principal payments are due annually on December 1, through 2040.

The bonds maturing on and after December 2025 are subject to redemption prior to maturity, at the option of the Town, in whole or in part. If in part, the Town shall determine and by lot within a maturity, on December 2024 and on any date thereafter at a redemption price equal to the principal amount with the accrued interest to the redemption date.

Following is a summary of debt service requirements under the agreement:

Year ended December 31,	Principal	Interest	Total
2023	\$ 175,000	\$ 184,800	\$ 359,800
2024	175,000	177,800	352,800
2025	175,000	170,800	345,800
2026	195,000	163,800	358,800
2027	200,000	156,000	356,000
2028 - 2032	1,085,000	657,200	1,742,200
2033 - 2037	1,325,000	421,000	1,746,000
2038 - 2040	1,290,000	118,400	1,408,400
Total	<u>\$ 4,620,000</u>	<u>\$ 2,049,800</u>	<u>\$ 6,669,800</u>

In 2017, the Town entered into a lease purchase agreement to provide funds for the construction of a new Town Hall. The 2017 lease purchase agreement was refunded through a current refunding in 2021. See additional notes below related to the Series 2021, GO Bonds.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 5 - LONG-TERM DEBT (CONTINUED)

Governmental Activities (continued)

During 2017, the Antelope Hills General Improvement District issued \$1,995,000 General Obligation Refunding Note to refund and pay the outstanding Series 2006 bond. Interest payments are due semi-annually on June 1 and December 1, with interest accruing at rate of 5.50%. Principal payments are due annually on December 1, through 2040. The District has pledged its net revenue derived from the District, after payment of any costs of collection to pay the principal on the Note as they become due. The Note is subject to redemption prior to maturity, at the option of the District, as a whole or in part, on any date thereafter, upon payment of par and accrued interest to the date of redemption.

The 2017 Note is secured by and payable solely from and to the extent of the Net Pledged Revenue, which includes the following, after the payment of costs for Allowable Operations Expenses which are limited to an initial amount of \$12,500, which may be increased 2% per year (up to a maximum of \$15,000):

- a) the District's covenant to levy the Limited Mill Levy on all taxable property in the District
- b) any specific ownership tax revenues attributable to the Limited Mill Levy
- c) revenues collected from the Facilities Fees imposed by the District
- d) any other legally available funds of the District

The Limited Mill Levy is defined as an ad valorem mill levy not less than 35 mills and not in excess of 36.71 mills. Such minimum and maximum mill levies are subject to adjustment due to changes in the method of calculating assessed valuation after the issuance of the 2017 Note. For the purposes of this provision, collection year 2017 is the base year for the ratio for assessment to actual valuation and for making any determination of mill levy equivalency.

Following is a summary of debt service requirements under the agreement:

<u>Year ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 25,000	\$ 86,460	\$ 111,460
2024	25,000	85,085	110,085

Total	<u>\$ 1,345,139</u>	<u>\$ 1,345,900</u>	<u>\$ 2,691,039</u>

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 5 - LONG-TERM DEBT (CONTINUED)

Governmental Activities (continued)

During 2021, the Town issued \$3,685,000 Refunding and Improvement Certificates of Participation. Proceeds were used to: i) current refund the outstanding 2017 lease purchase agreement in the amount of \$1,797,000; ii) finance the acquisition, construction, installation, and equipping of various public improvements to be used as the Town's new North Municipal Complex; and iii) pay the costs of issuing the certificates. Interest payments are due semi-annually on June 1 and December 1, with interest accruing at a rate of 4%. Principal payments are due annually on December 1, through 2045.

The certificates maturing on and after December 1, 2034 are subject to redemption prior to their respective maturity dates, in whole or in part, at a redemption price equal to the principal amount of the certificates, plus accrued interest to the redemption date.

Following is a summary of debt service requirements:

<u>Year ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 100,000	\$ 120,900	\$ 220,900

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 5 - LONG-TERM DEBT (CONTINUED)

Business-type Activities (continued)

During 2016, the Town issued \$2,500,000 Drinking Water Revolving Fund Loan with CWRPDA to replace existing water system storage. Interest payments are due semi-annually on May 1 and November 1, with interest accruing at a rate of 2%. Principal payments are due semiannually on May 1 and November 1, through 2036. The loan contains net revenue pledge Water Fund revenues towards repayment. The Town is required to maintain an operations and reserve fund in an amount equal to three months of operations and maintenance expenses, excluding depreciation. At December 31, 2022, \$282,559 has been reserved for this purpose.

During 2017, the Town issued \$2,500,000 Water Pollution Control Revolving Fund Loan with CWRPDA to construct a new mechanical wastewater treatment facility to replace the existing lagoon system. Principal payments are due semi-annually on May 1 and November 1, through 2038. The loan contains a net revenue pledge of Wastewater Fund revenues towards repayment. The Town is required to maintain an operations and reserve fund in an amount equal to three months of operations and maintenance expenses, excluding depreciation. At December 31, 2022, \$151,293 has been reserved for this purpose.

During 2018, the Town issued \$3,500,000 Water Pollution Control Revolving Fund Loan with CWRPDA to construct a new mechanical wastewater treatment facility to replace the existing lagoon system. Interest payments are due semi-annually on May 1 and November 1, with interest accruing at a rate of 1.89%. Principal payments are due semi-annually on May 1 and November 1, through 2048. The loan contains a net revenue pledge of Wastewater Fund revenues towards repayment.

Annual debt service requirements for all CWRPDA outstanding loans at December 31, 2022 are as follows:

<u>Year ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 297,256	\$ 95,692	\$ 392,948

2033 - 2037	1,040,000	414,350	1,454,350
2038 - 2042	1,220,000	235,050	1,455,050
2043 - 2045	820,000	49,650	869,650
Total	<u>\$ 4,650,000</u>	<u>\$ 2,039,100</u>	<u>\$ 6,689,100</u>

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 6 - INTERFUND TRANSACTIONS

Interfund receivable and payable balances at December 31, 2022 are as follows:

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 1,538,678	\$ -
Grants Fund	-	1,538,678
	<u>\$ 1,538,678</u>	<u>\$ 1,538,678</u>

Interfund transfers for the year ended December 31, 2022, were comprised of the following:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 357,239	\$ 715,300
Grants Fund	673,048	-
Sales Tax Capital Improvement Fund	-	-
Use Tax Capital Improvement Fund	545,900	88,129
Water Fund	351,640	441,878
Wastewater Fund	-	170,903
Other Aggregate Remaining	-	511,617
	<u>\$ 1,927,827</u>	<u>\$ 1,927,827</u>

The Water and Wastewater Fund reimburse the General Fund for services provided, including administration, finance, clerk and IT costs for use and employee time. Other transfers shown were for purposes of capital asset expenditures and matching expenses for the year ended December 31, 2022.

NOTE 7 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town is a member of the Colorado Intergovernmental Risk Sharing Agency (CIRSA). CIRSA is a joint self-insurance pool created by intergovernmental agreement of 275 members to provide property and liability and/or workers' compensation coverage to its members.

Coverage is provided through pooling of self-insured losses and the purchase of excess insurance coverage. CIRSA has a legal obligation for claims against its members to the extent that funds are available in its annually established loss fund, and those amounts are available from insurance providers under excess specific and aggregate insurance contracts.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 7 - RISK MANAGEMENT (CONTINUED)

Losses incurred in excess of loss funds and amounts recoverable from excess insurance are direct liabilities of the participating members. CIRSA has indicated that the amount of any excess losses would be billed to members in proportion to their contributions in the year such excess occurs, although it is not legally required to do so. The Town maintains commercial insurance for workmen's compensation coverage. Claims have not exceeded coverage in any of the past three fiscal years.

NOTE 8 - RETIREMENT COMMITMENTS

Defined Contribution Pension Plan

The Town participates in the Colorado County Officials and Employees Retirement Association (CCOERA), a multiple employer defined contribution plan, to which permanent employees contribute. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees become plan members after one year of regular fulltime, or regular part-time service. Under this plan, 3% of the plan members' compensation is withheld and remitted to the Plan Administrator along with a matching payment of 3% from the Town. Employees are immediately vested in their own contributions and earnings on those contributions.

For the year ended December 31, 2022, the Town recognized contributions of \$66,052.

Deferred Compensation Plan

The Town has a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is administered by CCOERA. Participation in the plan is optional for all employees. The plan allows employees to defer a portion of their salary until future years.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

Tabor Amendment

In November 1992, Colorado voters passed the TABOR Amendment to the State Constitution which limits state and local government taxing powers and imposes spending limitations. The Town is subject to the TABOR Amendment. Fiscal year 1992 provides the basis for limits in future years, to which may be applied allowable increases for inflation and property valuation. Revenue received in excess of the limitations may be required to be refunded unless the Town's electorate vote to retain the revenue. The TABOR Amendment is subject to many interpretations, but the Town believes it is in substantial compliance with the Amendment.

TOWN OF BENNETT, COLORADO
NOTE TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 9 - COMMITMENTS AND CONTINGENCIES (CONTINUED)

In November 1994, voters permitted the Town, without increasing or adding any taxes of any kind, to collect, retain or expend revenues generated from all sources during 1994 and each subsequent year for trails, parks, and open space, storm water facilities and drainage, street, curb and sidewalk construction, repair and maintenance, police services, and for other basic municipal services and lawful purposes, without limitation.

The Town has established an emergency reserve of 3%, as required by the Amendment. At December 31, 2022, the emergency reserve was reported as restricted fund balance in the General Fund, in the amount of \$315,000.

NOTE 10 - RATE MAINTENANCE

All the Colorado Water Resources and Power Development Authority loans require that net revenues represent a sum equal to 110% of the amount necessary to pay, when due, the principal and interest on the loans coming due during the fiscal year. The Town believes that it is in compliance with the requirements as of December 31, 2022.

NOTE 11 - PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2022, the Town recorded a prior period adjustment in the Use Tax Capital Improvement Fund and at the Governmental Activities level to properly account for developer agreements and grant activities that occurred in prior periods. The impact of the prior period adjustment is shown below:

	Use Tax Capital Improvement Fund	Governmental Activities
Fund balance/net position, December 31, 2021	\$ 2,628,271	\$ 25,174,597
Prior period adjustment	40,828	40,828
Fund balance/net position, December 31, 2021, as restated	<u>\$ 2,669,099</u>	<u>\$ 25,215,425</u>
