# STAFF REPORT

welcome neighbors.

TO: Mayor and Town of Bennett Board of Trustees  
FROM: Brenda Kroh, Management Analyst – Economic Development  
DATE: April 23, 2024  
SUBJECT: Section 16.2.470 – Land Uses (Permitted Use in a Public Zone District – Cemetery)

---

## Background

---

Cemetery is defined in Section 16.2.210 of the Bennett Municipal Code (BMC) as, “land used or intended to be used for the burial of the dead and dedicated for cemetery purposes. A cemetery may include a funeral home or mortuary or a columbarium, but shall not include a crematory.” No cemeteries are currently located within the Bennett town limits. The BMC currently permits cemeteries as a conditional use in the A (Agricultural), R-1 (Low Density Residential), and R-1A (Alternate Low Density Residential) zones.

This is a proposed change to the code which would allow a cemetery as a permitted use in the Public Zone. A request to annex the Town’s cemetery will follow this code change. Rather than have the Town’s existing cemetery go through a conditional use process, allowing this use to be permitted seems a more appropriate choice. Cemeteries would still be allowed as a conditional use in the A, R-1, and R-1A zones. Areas currently zoned P (Public) include property owned by the Town, School District 29J, and Bennet-Watkins Fire District.

A Public Hearing was held by the Planning and Zoning Commission on April 15, 2024 and they voted in favor of the proposed code change and resolution.

## Planning Commission Recommendation

Planning Commission recommends approving Ordinance 780-24 amending Chapter 16 of the Bennett Municipal Code to allow cemeteries to be a Permitted use in the P (Public) zone district.

## **Suggested Motion**

I move to approve Ordinance No. 780-24 – An ordinance amending Chapter 16 of the Bennett Municipal Code to add cemeteries as a Permitted Use in the Public (P) District.

TO: Mayor and Town of Bennett Board of Trustees  
FROM: Steven Hoese, Planning Manager  
DATE: April 23, 2024  
SUBJECT: Non-Exclusive Utility Easement in the Greg's Place Right-of-Way

## Background

The Town of Bennett is considering vacating the Greg's Place right-of-way (ROW). The Town Engineer recommends an easement be created to allow utilities to be placed under the Greg's Place right-of-way to serve existing and future buildings in the area.

The Colorado statute that authorizes the Board to vacate a right-of-way only allows the reservation of an easement for existing utility lines and pipes, not future ones. However, the vacation of the right-of-way would be subject to any easements that were in existence prior to the vacation. Therefore, the first step is for the Town to create the needed utility easement by conveying the easement to itself. Then the second step will involve vacating the right-of-way, but by then the vacation will be subject to the Town's utility easement.

The purpose of the documents you are considering tonight is to accomplish the first step – creating the non-exclusive utility easement in the name of the Town of Bennett. This is done by adopting an ordinance approving the utility easement deed.

This matter will come back to the Board in the future once the utility easement deed has been recorded. At that time, the Board will consider the second step, which will be to vacate the Greg's Place right-of-way, subject to the utility easement.

### Vicinity Map

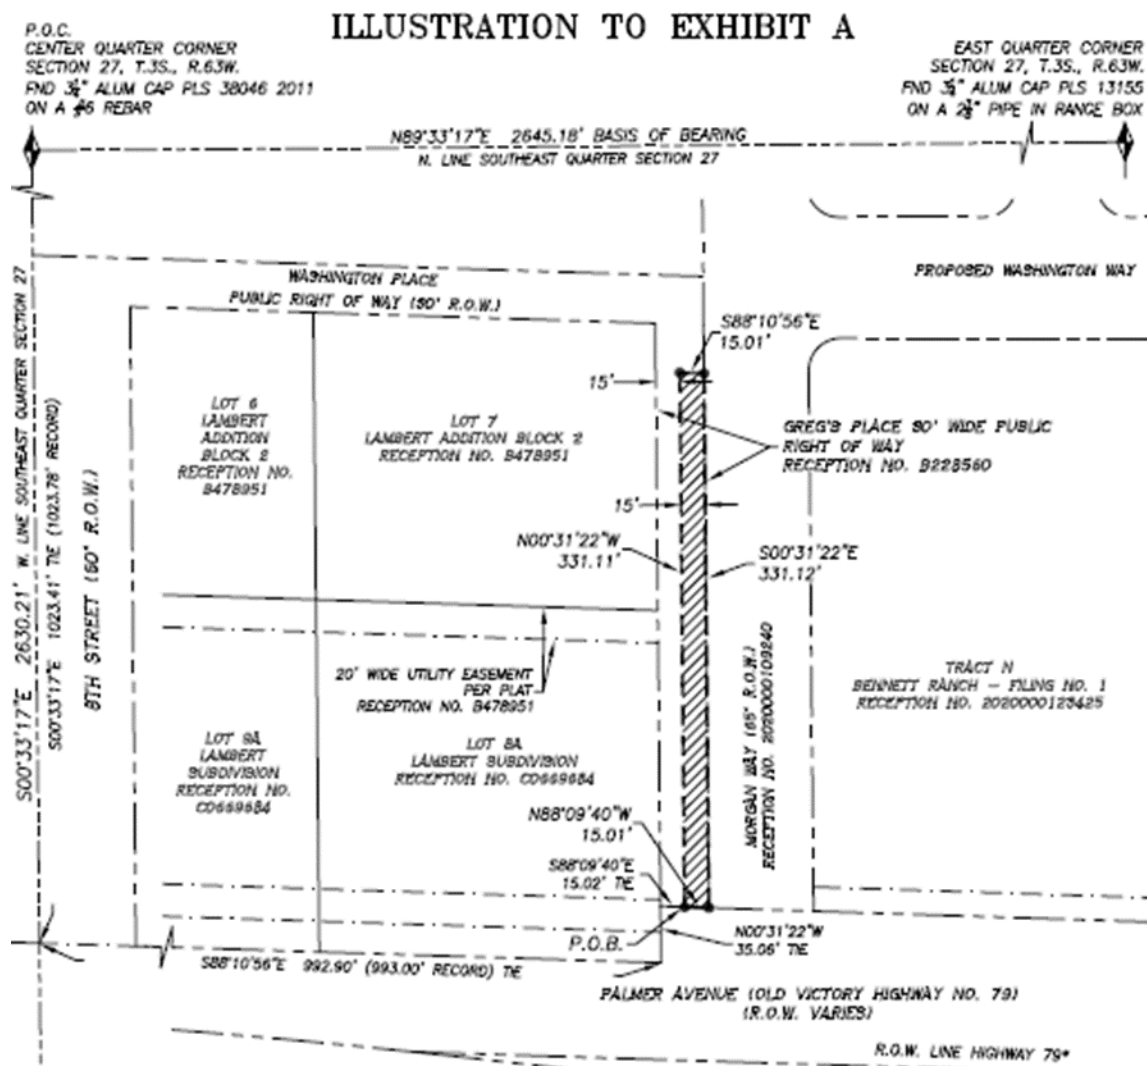

## Utility Easement Summary

The utility easement is over, across and through the Property at the location depicted as "Utility Easement" on Exhibit A. It is 15' wide, located on the eastern edge of the Greg's Place right-of-way.

The utility easement is perpetual and non-exclusive and allows the installation, construction, maintenance, repair and replacement of all utilities, including but not limited to water, sewer, electric, cable, fiber and storm drainage within the easement.

All utilities installed within the utility easement shall be located underground.

### **Suggested Motion**

I move to waive the requirement for a request for proposals process and authorize the Mayor and Town of Bennett to approve the purchase of the Transwest Buick GMC 2024 Chevy Silverado Crew Cab 3500 4-wheel drive in an amount not to exceed \$54,831.00 and 2024 Chevy Silverado 1500 4-wheel drive in an amount not to exceed \$44,640.00.

TO: Mayor and Town of Bennett Board of Trustees  
FROM: Trish Stiles, Town Manager  
DATE: April 23, 2024  
SUBJECT: Sales Tax Oversight Committee

---

## Background

---

The Town of Bennett by Resolution 594-15 established the Sales Tax Capital Improvement Fund Oversight Committee. This resolution was brought forth at the time to establish a separate committee to review the use of the sales tax increase authorized by voters in 2015 for street purposes. The resolution formed a committee to review, oversee and make recommendations to the Board regarding the use of the revenue generated by the one percent sales tax. However, there is limited rules applying to the committee, for its quorum, terms, vacancies/removals and meetings.

Per the language of the ballot question (attached), the committee was not expressly called out and is advisory in nature as the Board of Trustees makes all final decisions on the use of the sales tax.

---

## Staff Recommendation

---

After discussions taking place after recent meetings, I was asked to bring the matter of the rules, regulations and need for the committee forward to the board for consideration and discussion.

In review with the Town Attorney, because the Board established the committee by resolution further action would need to be taken by the Board for subsequent actions.

Possible outcomes moving forward are to:

1. Review the need for the committee
2. Set in place further rules and procedures
3. Make no changes.

As a review would take place for outcomes one and two, the Town Attorney suggested a moratorium be placed via resolution in order to review the committee and terms.

Staff seeks Board direction in the matter moving forward.

**5. PUBLIC COMMENTS ON ITEMS NOT ON THE AGENDA**

There were no comments on items not on the agenda presented by the public in attendance.

**6. REGULAR BUSINESS**

**A. Action/Discussion Items**

**1. Arapahoe County Sheriff's Report**

Sgt. Todd Fechner, Arapahoe County Sheriff's Office, presented the second (2<sup>nd</sup>) quarter Report to the Board. Sgt. Fechner advised there were a total of 14 calls during the period of April 1 to June 30, 2015; of those calls only two (2) resulted in actual reports issued.

Arapahoe County Sherriff's in conjunction with other agencies will conduct an active shooter response exercise in the corridor on August 14, 2015. Strasburg and Byers High Schools will also participate in this exercise.

**2. Citizen Task Force Recommendation**

Paul Hanley, George K. Baum & Company, presented the results of the public opinion survey mailed to residents regarding the proposed sales tax increase for street improvement. The results were as follows:

- 72% support for the proposed sales tax measure is a very favorable number
- Support intensity is strong (45% definitely yes vs. 13% definitely no)
- Strong support from both homeowners and renters
- Strongest support from new residents
- Strongest support from voters 41-60 years old, followed by voters 61 and older
- Initial reaction to proposal favorable (some concerns around transparency, cost to residents, no sunset)

There is a strong level of awareness (67% a lot or some awareness).

Each argument in support that was tested resonated with participants, especially arguments focused on "wear and tear on residents' vehicles due to potholes" and the fact that "only 16% of Bennett's streets are in fair or good condition."

The only argument against the proposal that had intensity was the argument that "the Town should have been putting money aside for street improvements."

Residents who indicated concerns with the proposal mentioned a need for transparency, if the tax would sunset, revenues should be focused on streets, cost of repair and also inquired about the improvement of drainage issues, to name a few. A complete response is available on-line and in the office of the Town Clerk.

Neal Mancuso, a member of the Citizens Task Force, presented the recommendation of the Citizens Task Force to the Board.

*Based on detailed information presented to the Task Force—coupled with external community opinion research—the Task Force feels it is in the Town of Bennett's best interest, as well as that of the community as a whole, to put forward a ballot question on the November 3, 2015 ballot asking for a 1-cent sales tax increase to fund street improvements. The task force felt that the data presented a compelling case to move forward with a funding proposal to address the Town's aging streets. In addition, the community opinion survey further underlines the community's support for the proposed street improvements and funding proposal, which reinforced the Task Force's final decision. The Task force also discussed and proposes that a Blue Ribbon/Transparency Committee be appointed by resolution of the Town of Bennett Board of Trustees so that the spending and monitoring of the funding source can be reviewed by an additional committee and be reported back to the Board of Trustees.*

*The decision in support of the sales tax increase was unanimous by those present at the final Task Force meeting on July 22, 2015.*

The Citizen Task Force Recommendation was accepted by the Board of Trustees. The Mayor declared the motion carried by unanimous vote.

Yes

No

The Sales Tax Capital Improvement Fund Oversight Committee, a special citizen-led blue ribbon committee, will be formed to ensure that all the sales tax revenues continue to go toward roadway improvements.

Even with a 1% increase in the sales tax Bennett's sales tax rate will be lower than Aurora, Brighton, Castle Rock, Commerce City, Northglenn, Parker, Thornton, Westminster, and many other towns and cities in the area.

About 84% of Bennett's streets are in poor condition. In fact, 80 out of 94 of the Town's street segments are at least 30 years old.

With the passage of Issue 2H, our streets can be fixed within 8 to 10 months. Without additional funding, it would take decades to fix Bennett's aging streets.

A recent community opinion survey of registered voters in Bennett revealed very strong support for the 1-percent sales tax proposal, including homeowners and renters, voters of all ages, as well as both new residents and those who have lived in our community for many years.

Improving Bennett's roadways will (1) reduce wear and tear on residents' vehicles, (2) improve driver and pedestrian safety, (3) protect property values, (4) enhance emergency response capabilities, and (5) strengthen the Town's ability to attract and retain businesses with well-paying jobs.

The longer the Town of Bennett waits to address street improvements, the more it will cost. In fact, the cost to repair and reconstruct the Town's streets has increased by 39% in just the past two years.

Issue 2H is a smart proposal and is the result of our community's common-sense input.

Issue 2H deserves our support.
